

# Ridgeview Road Regional Lift Station

## Project Overview

### Client:

City of Edwardsville

### Location:

Edwardsville, IL

### Completion Date:

April 2020

### Ridgeview Road Regional Lift Station 11-2020 thru 4-2020

Kamadulski was awarded a prime contract in the amount of 1.9 million dollars from the City of Edwardsville to install 5,300 lineal feet of 12 inch sanitary sewer, 21 manholes, and 8'x8' pump station. This project was very complex to PM. It was schedule driven due to a branch of Anderson Hospital being newly constructed and open for business. The proposed service line was constructed during winter months at depths averaging 30 feet. An existing 2100 lineal road was removed and reconstructed during unconditional weather circumstance. This project was completed on time and under budget. This project was 100% self performed by Kamadulski crews. Crews battled dewatering operation and soft and unsuitable soil everyday. The City of Edwardsville was delivered a quality, tested, and approved project on time and under budget.
